

AZOSPI N®

All-Natural Soil and Plant Additive

AZOSPI N enhances the soil's population of nitrogen-fixing bacteria

GUARANTEED ANALYSIS		
ACTIVE INGREDIENT:	Azospirillum spp.*	<u>2.0%</u>
OTHER INGREDIENTS:	water	<u>98.0%%</u>

* Minimum 100,000,000 CFU per ml

Directions

For Field Use: *For soil applications, apply 1 quart of product per acre in 80-100 gallons of water or manure and apply before last plowing and / or during irrigation.*

For seed treatment: *Use 1 ounce per 30 pounds of seed. Mix with sufficient water to ensure good coverage. . Do not use treated seed for food or feed purposes or process for oil. Treat only those seeds needed for immediate use, minimizing the interval between treatment and planting*

For garden/green house use: *Mix 1 tablespoon per each gallon of water and apply to soil around plants, vegetables and trees. Apply in and around root zone before planting. Follow seed treatment instructions above for even greater results.*
